

## ***VIRTUAL MO-VIP POLICY***

### **Virtual Instruction (P6190)**

The District will participate in the State's Virtual Instruction Program (MoVIP). MoVIP offers District students the opportunity to participate in free or tuition-paid online courses in a variety of grade level and content areas from kindergarten through grade 12. District students who wish to enroll in the Missouri virtual school must first enroll in the public school of residence.

MoVIP courses may be taken during the school day or outside of the school day. The number of credits that a student may earn during any academic period will not be limited by the District. Students and their parents/guardians are encouraged to meet with school counselors to develop an educational program, including MoVIP courses, which best meets the individual needs of District students. Students participating in MoVIP courses will have access to District facilities and technology which are otherwise available to students participating in the regular school program. The District does not provide equipment, Internet access, supplies, or materials to students participating in the Missouri Virtual School.

The District will receive notification from MoVIP concerning the percentage of work satisfactorily completed by each student for each virtual education class completed. District staff members will assign a grade and course credit depending upon the percentage of work satisfactorily completed for each class. In awarding credit and assigning grades, the District will apply the same standards for grade assignment and credit award as are applied to courses completed in the District's traditional curriculum. Credit toward meeting District graduation requirements will be awarded for MoVIP courses provided the work completed meets the academic standards required in the District's traditional educational program.

The District may also recognize and assign credit for courses offered through other electronic media courses such as satellite video courses, cable video courses, interactive education television consortium, and computer-driven or on-line courses. Students may also be awarded credit for satisfactorily completed course work from accredited institutions. In addition, the District may offer virtual courses that could take place outside of a District facility. The District will ensure that virtual courses purchased from outside vendors are aligned with the Show-Me curriculum standards and comply with state requirements for teacher certification. Students and their parents/guardians should consult with their school counselor to determine whether satisfactory completion of such work is eligible for award of District credit. This discussion should occur prior to enrollment in such programs

## **Virtual Education (R6190)**

The District will annually permit any eligible student, under the age of twenty-one (21) who resides in the District, to enroll in Missouri Course Access and Virtual School Program ("Program") courses as part of the student's annual course load. Course costs will be paid by the District provided that the student:

1. Is enrolled full-time and has attended a public school, including a charter school, for at least one (1) semester immediately prior to enrolling in the Program. However, if the reason for a student's non-attendance in the prior semester is a documented medical or psychological diagnosis or condition which prevented attendance, such non-attendance will be excused; and
2. Prior to enrolling in the Program course has received District approval through the procedure set out in this Regulation 6190(A).

Each Program course successfully completed will count as one class and will receive that portion of a full-time equivalent that a comparable course offered by the District generates.

### **A. Enrollment**

The enrollment process for participation in the Program will be substantially similar to the enrollment process for participation in District courses. The process may include consultation with a school counselor. However, consultation does not include the counselor's approval or disapproval of enrollment in the Program.

When a District school denies a student's enrollment in a Program course or enrollment as a full-time Program student, the District will provide in writing a "good cause" reason for the denial. Such good faith determination will be based upon a reasonable determination that the enrollment is not in the student's best educational interest. Where enrollment is denied, the following process will be utilized:

1. The District will notify the student and the student's family in writing of the right to appeal denial of Program enrollment to the Board of Education; and
2. The family will be given an opportunity to present the reasons for their appeal to the Board at an official Board meeting; and
3. The District, at such Board meeting, will provide the basis for its determination that Program enrollment was not in the student's best educational interest; and
4. The written submissions by the family and the District will be incorporated into Board minutes; and
5. The Board's written decision and the reason for that decision will be provided to the family within thirty (30) days of such Board meeting; and
6. The family may appeal the Board's determination to the Department of Elementary and Secondary Education. The Department shall provide their decision within seven (7) calendar days.

Program credits previously earned by a student transferring into the District will be accepted by the District. Students who are participating in a Program course at the time of transfer shall continue in the course with the District assessing future monthly payments.

Home school and private students wishing to take additional courses beyond their school's regular course load will be permitted to enroll in Program courses under an agreement, including the student's payment of tuition or course fees.

## **B. Payment for Program Courses**

Cost associated with Program courses shall be paid by the District for students satisfying subsection (1) of this Regulation 6190. Payments will be made on a monthly cost basis prorated over the semester enrolled. Payments will be made directly to the Program contract provider. Such payments per semester will not exceed the market cost, but in no case more than 7% of the state adequacy target per semester. In the event a Program participant discontinues their enrollment, the District will discontinue monthly payments made on the student's behalf. In the case of a student who is a candidate for A+ tuition reimbursement and who is enrolled in a Program course, the District will attribute no less than ninety-five (95%) percent attendance to any such student who has successfully completed such Program course. K-8 Districts will be required to pay the District for Program attendees residing in the K-8 District.

## **C. Program Course Evaluation**

The District will consider recommendations made by DESE relative to a student's continued Program enrollment. Based in part on DESE's recommendations, the District may terminate or alter a course offering if the District, in its reasonable discretion, determines that the Program course(s) is not meeting the student's educational needs.

Independently, the District will monitor student progress and success in Program courses. The District will annually provide DESE with feedback regarding Program course quality.

The District is not obligated to provide computers, equipment or internet access except for eligible students with a disability in compliance with federal and state law.

The District will include students' enrollment in the Program in determining the District's average daily attendance (ADA). For students enrolled in the Program on a part-time basis, ADA will be calculated as a percentage of the total number of Program courses in which the student is enrolled by the number of courses required for full-time students.

## **D. Notice**

The District will inform District parents of their child's right to participate in the Program. Opportunity to participate in the Program will be provided in parent handbooks, registration documents and on the homepage of the District's website
